

March 30, 2020

To All Logan County Campgrounds,

The Ohio Department of Health has issued guidelines on the operation of recreational vehicle parks and campgrounds during the Governor's Stay at Home Order from March 22, 2020. Campgrounds are CLOSED to the public. Campsites that are used as a person's place of residence, for example a person who resides in Florida in the winter and then returns to a campsite in Ohio, may still be allowed by a campground owner to occupy their campsite. Persons who visit the campgrounds on a weekly or weekend basis are not permitted. No activities may be organized by a campground to be held onsite. Campers must be discouraged from congregating with one another and must stay on their own campsites. If the camp has a restroom or showerhouse facility, it may remain open but there must be a regular cleaning and sanitizing schedule in place. Playgrounds and swimming areas must be closed in accordance with the Governor's order. It is recommended that all campgrounds stay closed until May 1, 2020.

If you have questions about this order, please contact the Ohio Department of Health, Campground Program at 614.644.7455 or email me at lengle@co.logan.oh.us

Thank you for your co-operation in helping prevent the spread of COVID-19 within our community.

Sincerely,

Lisa M. Engle, R.S.
