## BACKGROUND

In 2018, Logan County partners completed a community health assessment (CHA) which was a comprehensive collection and analysis of data gathered in order to identify the health needs of our community. Extensive input from over 90 community leaders and residents created a picture of the needs of Logan County, identified community and data strengths/challenges, and ultimately informed the development of the 2019 Logan County Community Health Improvement Plan (CHIP).

## DEVELOPMENT AND PURPOSE OF THE CHIP

The purpose of the Logan County CHIP is to guide the efforts of participating organizations that collaborate to improve the quality of life and health of Logan County residents.

The CHIP process was funded by Mary Rutan Hospital, Mary Rutan Foundation, Logan County Health District, United Way of Logan County, Community Health and Wellness Partners, and Mental Health, Drug & Alcohol Services Board for Logan and Champaign Counties. A model from the Center for Disease Control (CDC) was utilized in order to conduct the Logan County CHA and to subsequently develop the CHIP with input from over 80 individuals representing community health, social services organizations and residents. The process is as follows:

1. Organize and plan
2. Engage the community
3. Develop a goal or vision
4. Conduct community health assessment(s)
5. Prioritize health issues
6. Develop a community health improvement plan
7. Implement and monitor community health improvement plan
8. Evaluate process and outcomes

**This report is to inform the community on the progress of steps 7 (Implement and monitor CHIP) & 8 (Evaluate process and outcomes).**

---

### **The six priority health areas identified through the CHA process are:**

---

1. Mental Health
2. Substance Abuse
3. Healthy Living
4. Safe and Healthy Families
5. Housing and Homelessness
6. Resource and Awareness Communication

## HOW THE ISSUES ARE ADDRESSED

Coalitions meet regularly to implement the CHIP action steps. They include Healthy Living, Suicide Prevention, Coalition for Ongoing Recovery Efforts (CORE), Housing and Homelessness, Access & Resources Coalition, and Safe & Healthy Families. These coalitions are made up of a wide spectrum of representatives from the community. The Coalition Advisory Board (CAB) serves as the oversight body that monitors progress toward achievement of the goals and objectives of this plan. CAB is made up of eighteen community leaders representing businesses, city and county government, schools, the court system, health care, social service agencies, and the chair of each of the six coalitions. They are responsible for providing guidance and support to coalition work in the community by impacting and implementing policy change, as well as, identifying financial support and local resources for the work of the coalitions. Quarterly and annually each coalition will provide an update to CAB regarding progress toward their goals and strategies.

CAB provides a forum and format for tracking and reporting of overall outcomes as part of the Community Health Improvement Plan (CHIP). The structure of the CAB and Coalitions moves Logan County from the independent actions of multiple agencies, to collaborative actions with a collective impact.

Collaboration among partners promotes a common goal, common language, shared data collection, and enhanced outcomes. CAB will prepare a report for the community annually documenting progress toward goals and objectives.

The following is the annual progress for each priority during 2019:

## The SIX PRIORITY AREAS

### PRIORITY 1: MENTAL HEALTH

To improve mental health through prevention and by ensuring ongoing prevention through evidence-based programs and policies

GOALS

1

#### IMPLEMENT AGE-APPROPRIATE EDUCATION

##### OBJECTIVE

By 3/31/2021, 50% (3/6) of all schools' policies and programs will align with evidenced-based programs for social-emotional development.

##### PROGRESS FOR 2019

Implemented PAX in Ben Logan Elementary School K-4 and, Bellefontaine City Schools K-2. Discovery Center in Logan County requested PAX tools training.

2

#### EDUCATE AND PROVIDE TRAINING FOR BUSINESSES

##### OBJECTIVE

By 3/1/2021, ten businesses that have a Human Resources Department will have adopted policies and practices that align with suicide prevention.

##### OBJECTIVE

By 3/31/2021, ten Logan County businesses will be trained in suicide prevention policies and practices

##### PROGRESS FOR 2019

Four trained-trainers for Working Minds QPR training specific to workplaces. Partnering with Chamber of Commerce to connect with local businesses.

### PRIORITY 2: SUBSTANCE ABUSE

Reduce substance abuse to protect the health, safety, and quality of life for all, especially children.

1

#### EDUCATE AND PROVIDE TRAINING FOR DRUG TESTING

##### OBJECTIVE

By 6/30/2021, add one additional staff to implement drug testing.

##### PROGRESS FOR 2019

There are still only 42 hours of drug testing available. The court applied for OCJS funding to support additional drug testing capacity, but it was not awarded.

# GOALS

2a

## IMPLEMENT EDUCATION OF TRAIN-THE-TRAINER PROGRAMS IN LOGAN COUNTY SCHOOLS

### OBJECTIVE

By 6/30/2021, 100% of the high schools, three middle schools, and one elementary will have trained staff.

### PROGRESS FOR 2019

In high schools and middle schools – 3 of 4 districts have trained staff in Botvin Life Skills and 1 district has trained staff, but are not implementing. Also, 2 districts have training in PAX Good Behavior Game and 1 district uses Botvin Life Skills.

2b

## PROMOTE EVIDENCE-BASED PROGRAMMING TO PARENTS /COMMUNITY/AND COUNTY MEMBERS VIA SOCIAL MEDIA

### OBJECTIVE

By 6/30/2021, increase participation to 100% of schools and increase doses to three middle school doses and at least one other dose in elementary or high school.

### PROGRESS FOR 2019

PAX Tool Training to parents at 2 districts.

### OBJECTIVE

By 6/30/2021, quarterly programming via social media will be available in Logan County for parents and community members.

### PROGRESS FOR 2019

Social media promotion of PAX and 40 Developmental Assets on CORE website, MHDAS website, CORE Facebook page, and MHDAS Facebook page.

2c

## SECURE FUNDING

### OBJECTIVE

By 6/30/2021, CORE and MHDAS to secure grant funding to cover costs of needed materials and curriculum.

### PROGRESS FOR 2019

SPF grant funds used to purchase Life Skills Curriculum and Collective Impact grant funds used for PAX tool kits, United Way funding to CORE for 2 classrooms on PAX coaching.

3a

**IMPLEMENT CHILD CARE VOLUNTEER PROGRAM FOR SOBER SUPPORT MEETINGS**

**OBJECTIVE**

By 6/30/2020, implement child care volunteer program for sober support meetings, recruit child care providers for care during sober support meetings.

**PROGRESS FOR 2019**

Child care has not been able to be provided with consistency for the sober support meetings.

3b

**IMPLEMENT COUNTY-WIDE COORDINATED SOCIAL/TRADITIONAL MEDIA MESSAGES WITHIN THE SOBER SUPPORT NETWORK REGARDING AVAILABLE TRANSPORTATION AND CHILD CARE FOR SOBER SUPPORT MEETINGS**

**OBJECTIVE**

By 6/30/2021, increase to three transportation resources to sober support meetings.

**PROGRESS FOR 2019**

Transportation for noon meetings is still being offered from RZ and evening meetings transportation is sometimes available through TLC.

**OBJECTIVE**

By 06/30/2021, implement social/traditional media messages within the sober support network related to access to transportation and childcare services.

**PROGRESS FOR 2019**

Due to the limited nature of the available transportation there has not been the promotion on social media that was expected.

4a

**CREATE LOGAN COUNTY POLICY FOR REFERRING PREGNANT OPIATE-DEPENDENT MOTHERS**

**OBJECTIVE**

By 6/30/2019, review and adopt/create policy for use when referring pregnant mothers with opiate addiction within Logan County.

**PROGRESS FOR 2019**

There is a policy/practice in place for MRH OB/GYN offices to refer pregnant moms with opiate dependence for MAT to TCN or to CHWPLC

**OBJECTIVE**

By 6/30/2021, the OBGYN practice will have a written policy/procedure for referring pregnant mothers with opiate dependence for medication-assisted treatment.

**PROGRESS FOR 2019**

There is a policy/practice in place for MRH OB/GYN offices to refer pregnant moms with opiate dependence for MAT to TCN or to CHWPLC

4b

**IMPROVE CAPACITY FOR BUTRENORPHINE TREATMENT IN LOGAN COUNTY**

**OBJECTIVE**

By 12/31/2021, have 15 medical personnel trained in butrenorphine treatment.

**PROGRESS FOR 2019**

There are currently 16 providers trained to provide buprenorphine treatment in Logan County.

**PRIORITY 3:  
HEALTHY  
LIVING**

Reduce obesity and chronic disease risk through the consumption of healthful diets and increased physical activity

1

**PROVIDE FOOD PREPARATION AND COOKING EDUCATION**

**OBJECTIVE**

By 12/31 each year, increase by 500 the number of Logan County residents receiving education about preparing nutritious food.

**PROGRESS FOR 2019**

Through diabetic education, weight management program, Healthy Me classes, cooking classes, nutrition talks at various businesses, and Facebook posts, it is determined that at least 3,202 people have been exposed through MRH efforts alone.

**OBJECTIVE**

By 12/31 each year, offer two food preparation/cooking classes and various types of education in at-risk communities.

**PROGRESS FOR 2019**

Cooking classes were offered in 3 locations in 2019; Riverside schools (25 adults/15 youth), Benjamin Logan school (5 adults/4 youth) and WIC (6 adults/4 youth).

# GOALS

2

## INCREASE AVAILABILITY OF FREE OR AFFORDABLE WALKING PROGRAMS IN LOGAN COUNTY TO INCREASE THE PROPORTION OF ADULTS WHO MEET CURRENT FEDERAL GUIDELINES FOR PHYSICAL ACTIVITY

### OBJECTIVE

By 12/31/2021, Increase the proportion of adults who are exercising five times a week from 17.5% to 19%

**PROGRESS FOR 2019** Increase in % cannot be determined until next survey

### OBJECTIVE

By 12/31/2021, four local schools will allow the use of school property for all residents of Logan County

### PROGRESS FOR 2019

Four local schools are participating in the Winter Walking program; Bellefontaine, Ben Logan, Riverside, and Indian Lake (12 opportunities to walk each week)

3

## SUPPORT THE FULL CIRCLE FOOD COLLABORATIVE

### OBJECTIVE

By 12/31/2021, in partnership with Full Circle Food Collaborative, increase food education programs to all Logan County schools

### PROGRESS FOR 2019

MRH has had 2 team members participate in the FCFC meetings and provided Ben Logan a \$9,000 grant for their growing gardens/growing minds initiative

### OBJECTIVE

~~By 12/31/2021, annually participate as a board member of the Logan County Food System Initiative~~

### PROGRESS FOR 2019

C. Barns was a member of the LCFSI board for a time. However, efforts appeared to be a duplication of efforts among FCFC and MRH community outreach programs. Barns resigned from the Board in 2019. This objective has been discontinued.

### OBJECTIVE

By 12/31 annually ensure that Health District letters given to any food entity (restaurant, concession, etc.) contain the Healthy Habits Healthy You logo along with a statement about the current obesity rate in Logan County and encourage them to offer healthier food choices

### PROGRESS FOR 2019

278 food entities received information on the current obesity rate in Logan County and were given information on how to offer healthier food choices

**PRIORITY 4:  
SAFE &  
HEALTHY  
FAMILIES**

Improve the healthy development, health, safety, and well-being of kids

**OBJECTIVE**  
By 12/31/2021, enlist the support of 3 local restaurants who brand their healthy menu options with the Healthy Habits Healthy You logo

**PROGRESS FOR 2019**  
Currently, Brewfontaine, Cassano's, Firehouse Pizza, and Sweet Aroma's brand and promote the HHHY logo in their menu selections. Plans are to create a stand-alone menu insert to be offered to restaurants as an alternative to branding their own menus in an attempt to elicit more support

**1a ADOPT/CREATE & DISTRIBUTE MATERIALS ON LEARNING, DEVELOPMENT, & BEHAVIOR OF CHILDREN**

**OBJECTIVE**  
By 12/31/2021, five doctor/healthcare facilities will be providing information regarding child learning, development, or behavior

**OBJECTIVE**  
By 12/31/2020, provide materials to doctors, health care facilities, other agencies that serve parents and caregivers of children

**1b ADOPT DEVELOPMENTAL INFORMATION APPROPRIATE FOR AT-RISK NEIGHBORHOODS & AGENCIES SERVING THEM**

**OBJECTIVE**  
By 12/31/2021, provide information to five outlets over a three-year period

**PROGRESS FOR 2019**  
Materials are currently being distributed through the Welcome Home Baby and New home visiting grant through the Health District. Through the grant individuals may receive up to \$200 in safety equipment if qualified. Qualified individuals are in at risk neighborhoods. As part of the new ASQ-SE initiative and Step Up to Quality initiatives (outlined in the other strategies) we will continue to reach out to at-risk families to establish baseline information and support not only health care facilities but other agencies such as the Health District and Help Me Grow, along with MOM's and Children's Services

2

**DEVELOP STRATEGIES TO RECRUIT STEP UP TO QUALITY HOME PROVIDERS & SUPPORT EXPANSION TO DAYCARE CENTERS TO PROVIDE QUALITY CHILDCARE & MAXIMUM VOUCHER ASSISTANCE PROGRAM FOR AT RISK INDIVIDUALS**

~~Note: this strategy has been revised from the original CHIP 2-Develop campaign to share information with the community regarding well check incentives and coverage in managed care plans.~~

~~Strategic Objective—~~

~~By 12/31/19, create an information campaign for the community including items covered by managed care plans in use in the community.~~

~~By 12/31/2021, Twenty-five kids will have received well check appointment incentives through their managed care plans~~

**OBJECTIVE**

By 12/31/2020 certify 5 new providers in Step Up To Quality Star Rating 1

**OBJECTIVE**

By 12/31/2021 Certify 10 providers in Step up to Quality Star Rating 1 and identify other opportunities for Daycare Center expansion

**PROGRESS FOR 2019**

The original goal has been eliminated from the strategies, as the coalition believes this is part of individual organizations strategies and not managed by the coalition. Maple Leaf & Sports Medicine, MRH Peds and CHWP have not been attending the coalition and this has presented difficulty carrying out this strategy.

We added the new strategy of coordination efforts locally for the Step Up To Quality initiative and assisting JFS and 4C with recruiting locally to fill childcare gaps when the new voucher program goes live with SUTQ only providers. Through discussions with coalition members it was identified as an emergent need due to the high number of children qualified with only one local daycare center available to all (others who are rated are Discovery Center and Head Start, but they are eligibility-specific) qualified to provide. The identified gap was 35-40 children would be without daycare once the voucher system required SUTQ provider only benefit. Through collaboration with United Way and 4C, 4C wrote a grant to apply for UW funds for recruiting providers to be trained and receive their first star. The coalition helped facilitate conversations and supported the grant for quality, safe home childcare options, and promoted through marketing on social media and word of mouth at agencies.

3a

**ADOPT/CREATE & DISTRIBUTE MATERIALS ON LEARNING, DEVELOPMENT, & BEHAVIOR OF CHILDREN**

**OBJECTIVE**

By 12/31/2019, promote two PSAs per month on two different platforms to total 24 ads in one year

**OBJECTIVE**

By 12/31/2020, provide materials to two agencies that serve parents and caregivers of children

**PROGRESS FOR 2019**

We have created beginning framework on addressing the Social Emotional needs in Logan County. The new initiative reaches out to area organizations to coordinate the ASQ-SE implementation to gather data for social emotional concerns and create open dialogue regarding appropriate childhood development. This initiative will reach at-risk populations. The First tier will be the ASQ-SE implementation, followed by the administration of the DECA to all children flagged in the ASQ-SE, and then after DECA strategies are implemented, a third tier will be added for local pediatricians and Mental Health Practitioners to assist with more complex cases as a referral. The first layer of intervention will be implemented in Early Intervention, with future expansion into area preschools and then to Kindergarten screenings. EI will begin implementing by 3/31/20, with a single Kindergarten screening taking place at Indian Lake Schools. As part of the screening process, information will be given to families in order to support developmental resources and information. Data will be tracked as soon as initial screenings occur.

Informational literature will be distributed as part of the Help Me Grow Grant. Other Grants need to be reviewed for preschool and Kindergarten aged screenings. Coalition partner agencies and possibly area physician's offices will be trained and administering the ASQ-SE as standard screens by 12/31/20
