

HEALTH ALERT

Contact Person: Boyd Hoddinott, MD, MPH - Health Commissioner

Annual Release # 2020_07-10

July 9th 2020

To all Logan County Citizens;

Active cases are increasing in Logan County. The Health Commissioner is very concerned about what he is seeing in the increase of the number of active cases. The health of all of our citizens rests on our ability as a community to use the things we have to fight this virus. These activities are known to work if we all do our best to follow them - Masks on everyone; Physical Distance; restricting travel; Isolation; Quarantine; Handwashing; and not gathering in large groups. See the attached *Know Your Risk* table keep yourself and your family safe.

The new Ohio Public Health Advisory Alert Levels change **weekly** as cases increase or decrease. Right now, Logan County is at Yellow Level 1 in Logan County. With the active case increase we are beginning to move into Level 2. Please do all you can to stop the spread. As the levels increase so will the restrictions to prevent further spread. The new Ohio Advisory levels will be very important to follow during these challenging times. Be AWARE of the Alert levels at www.loganhealth.org or <https://coronavirus.ohio.gov/wps/portal/gov/covid-19/public-health-advisory-system/>
